MOOD LIGHTS:

* Uplighting Fixture	>>> For illuminating walls, dance area, ceiling, etc. with color and "feeling" creates virtual column of light up wall to ceiling (various colors, nice in pairs)
Small Flood Light Pair	static color "mood" light for entrance, dance area, dj, cake, plants, etc.
Transparent Column	4 foot high round column for an uplight to shine through & out top also.
Small Theme Light Pair	multicolor projection of images for either Hearts, Halloween, Holiday, or Winter
Small Blacklight Pair	pair of 18" flourescent fixtures small enough to fit on the DJ table
Large Blacklight	4 foot long flourescent fixture which can be set on a table or floor (nice in pairs)

DANCE LIGHTS:

* Small Color Gobo	>>> Can be pointed toward ceiling, floor, or walls (combinations are great) spins 100 colored red / green / blue lights around
Crystal Ball	slowly moves 100 red / green / blue dots around room (active to music)
Mini Strobe Light Pair	flashes light fast or slow (typically used sparingly for effect)
Small Mirror Ball	(w Spinning Stand + 100w Pinspot) - small Disco effect (stands on table)
White Moonflower	spins 25 bright rays of white light (elegant - great for slow dances)

* Color Gobo	spins 35 colored bright changing shapes around an area (active to music)	Counts as 2
Liquid Effect	projects rippling water effect, can be blue, green, or yellow	

* Galaxian Star Laser	Projects thousands of green + red moving "stars" all over ceiling/walls	Counts as 3
Superfly Club Light	2x300watt mirrorball-type effects spinning around rotating base (fast)	
Mega Flood Light	2 x 400 watt floodlights on stand, can light large area	
Lightning Strobe	flashes very bright 800 watt light to music (best to shoot up on wall)	
Spotlight w shapes / colors	shoots 360 watt beam on wall or ceiling, in static shape or colors	

* Color Floodlights w Stand	Set of 4 floods (that flash patterns to music) high up on stand (w Spin Motor + Spot) (requires adding Color Floodlight Stand to hang)	Counts as 4
Mirror Ball	1000 watt beam!, on a stand (can be focused on Mirror Ball)	
Super Spot Light	bright virtual column of light for large spaces (500 watts, various colors)
